

**Each Hook Me Up package includes everything you need to run a successful 30-day promotion!**

**Here's how it works:**

Players are asked to answer a series of 5 questions on the pen-based electronic tablet. The responses are scored and the player receives a label coded with their score to attach to their game piece. A game sponsor, armed with an MSS, mingles with the crowd and scans player's labels. The MSS screen indicates whether the player's survey responses are the same, similar or completely different.

Screens encourage players to go for it or to keep looking! When a match does appear...the work is done! The players take it from there. With the Hook Me Up package all the details have been worked out. You simply make the call and wait for an incredible response!

**Basic Package includes**

30-day rental of one mobile scanning machine (MSS), one pen-based electronic tablet programmed with Hook Me Up software, 2" x 3" printed game piece labels & barcode labels.

**Custom Package Available**

All the same great features and equipment from the Basic Package PLUS additions like prize giveaways, customized themes and questions and additional game piece options: custom labels, buttons, bracelets or lanyards. Rates are quoted.

**Other Sample Screens:**
